	section equipped with all sorts of equipment for radio, telephone and teletype communication was being established on Regierungs Strasse at the Platz der Deutsch-Sowjetischen Freundschaft in Erfurt and that the firing ranges in Steiger had been made available for the GST and were enlarged from 45 to 50 meters.	
25X1 5。[the Sport und Technik functionary of Bauunion Potsdam made known that, effective immediately, the GST badge which showed a rifle as symbol be no longer worn and no longer issued. He also demanded that no rifles be shown in public or taken to private apartments and, instead, be stored at enterprises. He also said that no guests would be admitted to firing training.	
25X1	Comment. The information discredits rumors of the deactivation of the Sport und Technik organization. The measures indicated by the present report, which were partially ordered serve the purpose of disguising as far as possible any para-military training.	25X1
